Sailor Moon is bound by Venus' Love-Me Chain. She can't believe her eyes, yet her friends, the Inner Sailors Guardians, have succumbed to darkness. They have become evil. They are surrounded by the dark.

"I'm going to save you!" Sailor Moon said as she focused. "Silver Moon Crystal Power!"

The silver crystal shines brightly.

"Ah, do you really think you can 'save' us, Sailor Moon?" asks Sailor Venus.

"We want your love, Sailor Moon!" said Sailor Mars.

"And there's only one way to get it," added Sailor Mercury. "Jupiter?"

"With pleasure!"

She electrocutes Sailor Moon. The moon warrior screams, the silver crystal stops shining and she falls unconscious.

When Sailor Moon comes to, she feels that her mouth is gagged. She lets out a muffled moan as Sailor Venus' naked body rubs against her. Their breasts and nipples touch. Sailor Venus moans softly.

"Good awakening, Sailor Moon. Ah~ Ah~, do you love my love?"

Sailor Moon shakes her head.

"What a shame," said Sailor Mars' voice from behind her. "You'll like my love."

Sailor Moon feels Mars' breasts rubbing against her back. Sailor Mars moans in turn. The moon warrior struggles, trying to free herself from her companions.

"See that, Mars? She doesn't like your love either!" said Venus, laughing.

"SHUT UP!" Mars shouts angrily.

They withdraw from Sailor Moon's body.

"Come on, girls," said Sailor Mercury as she arrived with Jupiter. They were also naked. "Sailor Moon will love us. We just need to teach her how. Jupiter and I can do it."

“Yes,” said Sailor Jupiter, “I’ll take the back.”

“Okay,” said Mercury with a smile.

Mercury approaches Sailor Moon and Jupiter goes behind her. The moon warrior screams as two fingers sink into her pussy and asshole.

“Ohhhh, it's tight in here!” exclaims Sailor Jupiter. “That's too bad.”

“You can enlarge it easily,” Mercury replies. “Her pussy is quite large.”

“I have an idea!” said Sailor Venus. “You take care of her holes. Mars and I will lick her breasts!”

Sailor Moon shook her head in refusal but her friends didn't listen. While Mercury's fingers ravaged her pussy and Jupiter's fingers plugged her asshole, her nipples were licked by the tongues of Mars and Venus.

They will continue to violate her until Sailor Moon accepts their love and embraces the darkness to be reborn as *Sailor Moon Noir*.
